

Community Emergency

Battisford Parish Council wants to make sure we are caring for vulnerable people within the community, especially those who might need help in a time of emergency. Given COVID 19, this now appears to be more relevant than ever before.

If you feel vulnerable and might need more support, please complete the form below and returned to any parish Councillor, emailed to battisfordvillageassist@gmail.com or telephone 01449 616694

The Council would like to identify people who would be prepared, and able, to assist in such an emergency situation. If you can help, then please complete the form overleaf.

All information collected will be held in strictest confidence¹.
